Leaf - Book Your Friends

Planning a casual hangout or hobby meetup shouldn't feel like a full-time job. Meet Leaf - the playful, AI-powered event planner that makes organizing small group gatherings a breeze! Whether you're the friend who always hosts or just getting into event planning, Leaf keeps event scheduling, task management, and social organizing all in one place. No more juggling multiple apps or endless text chains — Leaf turns coordinating plans into part of the fun. Import events from Partiful, Luma, Eventbrite, SeatGeek, and Fandango. Smart checklists, AI-generated descriptions, group scheduler, and micro-planner assistant help you focus on the fun while Leaf handles the details.
